CTIS 2023

International Conference on Computer Technology and Information Science

June 17-19, 2023 | Wuhan, China

www.icctis.org

CALL FOR PAPERS

CTIS 2023 is dedicated to promoting research exchanges by bringing together leading academic scientists, researchers and research scholars from around the world, by way of which new ideas are fostered, academic and business contact established, and future collaboration facilitated.

CTIS 2023 addresses challenges presented during research as well as practice in hopeful pursuit of methodological reform and renewal and features high-quality presentations and papers including keynote speeches given by renowned scholars and oral/poster presentations on a wide spectrum of popular topics. All paper submissions will be peer reviewed by at least 2-3 independent reviewers.

Keynote Speakers

Prof. Yingxu Wang
University of Calgary, Canada

Prof. Maode Ma
Qatar University, Qatar

Prof. Constantin Morarescu
University of Lorraine, France

Topics are included but not limited to

Computer Technology

Artificial intelligence

Design and analysis of algorithms

High-Performance Computing

Human-Computer Interaction

Machine Learning

Programming Languages

Computer Architecture and Embedded Systems

Computer Graphics & Virtual Reality

Computer Games

Systems Analysis, Design, and Implementation

Biological computation and computational biology

Software Engineering

Computational Intelligence

Computer-Aided Design and Manufacturing

Parallel and Distributed Computing

Simulation and Modeling

Visual and Multimedia Computing

Information Science

Communications and networking

Control, Robotics, and Automation

Wireless Communication and Mobile Computing

Database Technologies and Applications

Data Mining, Compression and Storage

Security and information assurance

Digital Media Technology

Digital System and Logic Design

Electronic Communications Systems

Social Media and Cloud Computing

Geographical information systems

Engineering Informatics

Signal Processing and Telecommunication

Knowledge Data Engineering

Internet and Web Applications

Sensor & Micro-machines

Publication: Accepted papers will be published in international conference proceedings in English.

Index: Submitted for indexing by EI Compendex, Scopus, etc.
